## **2. Summarization**

### **2.1. Preface**

Thanks for choosing our Android TV box.

This Android TV Box is based on Android 4.0 version, with CPU A9-1GHz and GPU Mail-400 that can fluently run all Android 2D/3D application. Fully support HD H.264 decoding and HDMI high definition digital video output, giving you the cinema-class audio and visual enjoyment. This Android TV BOX also enables you easy to use user interface to surf the internet and experience a variety of Android software application.

This user manual will give you specific guidance on installation, use, and maintenance. To ensure you can fully enjoy every feature of this machine, please read this manual carefully before using.

**Disclaimer:** The original company reserves the right to improve the content. If there has discrepancy between pictures and text, please subject to the final in-kind operation.

## 2.2. Main Features

Android 4.0 OS

Support Google Play

Support MPEG-4/H.264 DVB-T Standard

Support NTSC、PAL、PAL\_M、PAL\_NC and SECAM TV system

Support 4:3 and 16:9 resolution

Support 1920\*1080 HD output

Support wireless mouse and 2.4 G devices

Support USB, SD card for software update and application installation

Support 2D/3D games

Support picture, music and videos multimedia files playback

Support built-in Wifi and cable internet connection

Support Browser

Support Skype, E-mail, Facebook and so on

Support online videos Youtube

Support PVR and EPG

# 3. Hardware

## 3.1. Front Panel

- 1 STANDBY
- 2 VOL+
- 3 VOL-
- 4 CH+
- 5 CH-
- 6 Menu
- 7 OK

## 3.2. Rear Panel

- 1 ANT IN
- 2 LNB OUT
- 3 ETHERNET
- 4 USB
- 5 HDMI
- 6 YPbPr
- 7 CVBS
- 8 AUDIO L/R
- 9 TF Card
- 10 DC IN
- 11 WIFI ANTENNA

### 3.3.Remote Control

- ① POWER
- ② MUTE:
- ③  Special functions
- ④ STOP
- ⑤ FB : Fast Backward **PAUSE**
- ⑥ PAUSE
- ⑦ FF : Fast Forward
- ⑧ V.RATIO: 16 : 9 , 4 : 3
- ⑨ PVR : Enter PVR menu
- ⑩ RECORD
- ⑪ RECALL: Return to last program
- ⑫ AUDIO : Switch to left/right audio track
